Between Summer and Fall

These two
Aren't just friends.
Hmm

We're dating

...!
Waaaait!

We are going out.

Wait... wait a minute student
teacher and security guard oppa? no
way. I don't believe it

I thought you two were just
really close friends.

!

We were friends. Childhood
friends.

It has been a little
different since college

With this guy and I was in our
3rd year of college.

I like you

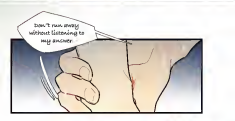
Since I was very young,
I liked you since I was in high school

I...

I can't hear his reply !

?!

Wait! Hold on.



Don't run away
without listening to
my excuse.

baboomp
baboomp

woooo

I'm sorry!
blush

wait!
grab

...

You?
Since I was in high school, I liked you also.
Could... we date?

I love us also
Both of you guys were... childhood friends.

Aren't you scared?
Wouldn't it be difficult to maintain that relationship after your friendship relationship ended? Hence a friend would no longer exist

Are you stupid?

It's natural to look as if you're looking at a friend as a friend.
Who I like is who I like if they don't like it.

I guess I would make a habit of breaking with them.

You can break up and meet again in life. You can live together forever.
You don't have to think so hard.

Student teachers, emotionally damaged a lot...

It seems the complicated problem in my mind has been solved

ding dong

Huh? The bell. Hurry up get to class.

Then I'll go first~!

Okay

Ah... teacher

Yes?

Um...

I listening to you today, I've decided something

I really appreciate it

Bow

Goodbye!!

A certain decision..?

Well... the kids are gone

Hah

Now I can talk to you.
